CoU Research Governance & Policies (Summary)

- Research governance structure and roles (Research Council, Ethics & Integrity Board, Open Research Office, Analytics & Impact Unit, Graduate Research Committee).
- Research integrity standards: transparency, accountability, responsible authorship, data stewardship, and ethical conduct.
- Open access policy: deposit requirement for eligible outputs, metadata completeness, and DOI-ready records.
- Data management principles: consent, privacy, retention, and documentation of datasets for reuse.
- Misconduct handling: reporting channels, review steps, and corrective actions in line with due process.
